Here it is May already. I keep saying this about each month that whizzes by! The week-end before I left for Ireland, I attended the Central Division conference April 1 - 3. The conferences are not only informative but fun. All the presidents of the clubs convene for a 2 hour session discussing things that "crop up" within their clubs. Many ideas and solutions come from these - more later! The highlight of the conference was hearing Joe

Arpaio, the sheriff of Maricopa County in Arizona. I invite every member of this club to attend a conference. You'll love the speakers and camaraderie between like-minded people.

At our last board meeting, the club is exploring ways to enlarge our membership. We are exploring having some night meetings and encouraging our "coffee and conversation" meetings at 10:30am before our scheduled meeting. So - let me know what you think. The board is always open to new ideas.

I attended the Advocacy meeting in Sacramento and here is some information from it:

Interesting note on illegal immigration, from Carol Hehmeyer, Voter Integrity Project 1985 through 2005 we had an increase of 10 million in population 200,000 new tax returns 7 million new medical applications

National convention in 2015 will be in Phoenix, Arizona

It was discussed, if a club has their own website and wants to be linked to CFEW, it will cost \$120 a year for this to happen. More information will be coming soon.

Ambassadors. Central Division has only 8 clubs so far who belong. I hope you will all review your budgets and join the program at some level. There a 4 levels, \$50, \$100, \$250 and \$500. All clubs should be contributing to this. It funds our Advocate's office. I am also proud to say that 13 members have joined at some level. Thank you so much for this effort.

June 10 will be the first redistricting report. Watch for this. Donations to the Ronald Reagan scholarship fund are coming in very slowly. One club, MERCED, has sent in theirs. Thank you for this. Please review your budgets and if money as been allocated, please send to Shirley Kaltenborn. One member also made a donation. Thank you very much.

CFRW is having another membership drive. Information will be in the May Pacesetter. Marta Zanghi

## Your Prayers are needed:

Teri Coleman, **Americanism Chair and Luncheon Reservation** caller has been diagnosed with and is being treated for cancer. It is doubtful that she will return to her home in Los Osos as she has chosen to remain closer to family. Please pray for her recovery. Cards may be sent to her at her daughter's - Kay Coleman, 428 Hill Street, #22, Santa Monica, CA 90405.

We need someone to take over these positions. Please consider taking on one of these jobs. The duties of the **Americanism Chair** is to lead the pledge of allegiance at our meeting and perhaps report to us on the history or significance of our American Flag. This can be done at a meeting or in our Newsletter. The **Reservation Callers** remind members of the luncheon and the program and report reservations to the Hospitality Chair. Neither job is very time consuming or taxing but important to the club. Please call Suzy Moyer, 995-2844. Thank you!

## Differences Between Republicans and Democrats

### What does each Party stand for?

Political Party affiliation is a quick way to find out the basic ideas and philosophy for each candidate, both Republicans and Democrats. Political affiliation can be used to understand the core beliefs of each candidate and there are significant differences between them.

#### Core Beliefs

**Republicans** believe that each person is responsible for his or her own place in society. Government should enable each person the ability to secure the benefits of society for themselves, their families and for those who are unable to care for themselves.

The Republican philosophy is based on limiting the intervention of government as a catalyst of Individual prosperity. Government should only intervene in specific cases where society cannot effectively act at the individual level. With the core belief that the individual destiny should be in the individual's hands, governmental power and resources should be kept close to the people, through their state and community leaders, and not centralized in distant federal government agencies.

Democrats believe it is the responsibility of government to care for all individuals, even if it means giving up some individual rights and/or subordinating enterprise and initiative.

Democrat Party administrations have pushed for the centralization of power in Washington D.C., with only secondary consideration for the rights of both individuals and communities. Democrats have favored federal-level interventions that replace community-based solutions to community problems. These tactics have created several federal regulations and controls that are often in the hands of unelected bureaucrats, causing a severe erosion of local authority.

#### The Economy

**Republicans** believe free enterprise has brought economic growth and innovations that have made this country great. Government should help stimulate a business environment where people are free to use their talents.

**Democrats** believe that the economy is too complicated for individuals to navigate alone. They believe that business decisions should be guided by government officials and in the best interest of labor unions.

#### Taxes and Government Spending

**Republicans** work tirelessly to cut government spending and to eliminate government waste. Republicans believe individuals should control both their own and their government's pocketbook the people should authorize all tax increases.

**Democrats** believe that government knows what is best for individuals. They argue that federal bureaucrats better understand the needs of a community than a locally elected council and the federal government should define the tax burden necessary to meet its obligations, because this is too complicated for individuals to understand.

## National Defense

**Republicans** believe in a strong national defense. Republicans know that defending our nation against its enemies must be a: fundamental commitment of the federal government and this requires the best-trained, best-equipped and most effective military in the world. With America as the world's only superpower, Republicans believe that true security comes from the Strength of character to act collaboratively, when possible, and alone when necessary. After the tragedy of 9-11, America must be ready to fight terrorism abroad in order to prevent it at home.

In the past 10years, **Democrats** have advocated for scaling down our military and reducing the money spent on military intelligence. Democrats believe that true security comes from negotiations with foreign nations, even if they harbor or have financial ties to terrorist groups. Democrats believe that we must ask other nations for permission before we act to protect our own security.

## Education

**Republicans** believe all students, regardless of race or socio-economic background, should become proficient in both reading and math. While it is desirable that children learn more than one language, mastery of the English language will allow our children to be competitive at the university level. Republicans also believe that schools should be held accountable for student progress through testing, which can be used to identify individual children's needs. These reports, at both the student and school level, should be provided to the parents to ensure accountability.

**Democrats** believe that tests burden teachers and waste classroom instruction time. They also believe children should be forced to stay in schools that fail to teach the basic skills. Democrats argue that literacy should be left for unions to define rather than local PTAs or other parent groups.

## Immigration

**Republicans** recognize that our nation is enriched by immigrants seeking a better life. In many cases immigrants have fled violence and oppression searching for peace and freedom. All suffered and sacrificed but hope for a better future for their children in America.

Republicans agree that the lack of security along our borders has contributed to the flow of narco trafficking, gang violence, and the yearly forced servitude and slavery of over 50,000 women and children from foreign countries by human smugglers. While our nation has been enriched by the determination, energy, and diversity of immigrants, Republicans believe that in this nation of laws, immigration policies should be followed and that securing our borders is vital to ensuring the safety of our citizens.

**Democrats** believe that as the world superpower, it is a fundamental right for the United States to provide unconditional aid and comfort to the citizens of other nations. Democrats believe in open borders, unconditional amnesty, and that the laws of this nation be curtailed to provide nonemergency assistance and legal forms of identification to foreign nationals.
